The Markets are well supplied with fruits of the country, and the products of our vines-delicious grapes, for which California can meritoriously claim unexcelled qualities-are brought in from the interior in great abundance. Speaking of a dance, a grand fancy ball came off the other evening at the Bella Union, which was well attended by the generality of ball going characters about town. The Steamer Mint having commenced regular trips to Sacrameto City, on her last, brought into this market a supply of fresh Sacramento Salmon, which very readily sold at one dollar the pound. Think of this, ye Eastern epicures, a single fish in California sold for forty-five dollars!

The rainy season, which may commence "in all next month," suggest to those owning perishable goods now exposed to the weather, that a good shelter will soon be required; and to so-journers in canvass houses, that their rooffs may need repair. "To your tents, O Israel!" we say once more.

Can we not, furthermore, remind owners and masters of vessels in this harbor, that every precaution should at once be taken to gard against the evil consequences of a norther. Good berths should be early secured, and sufficient and proper ground tackle brought into use, otherwise, the coming season of very quiet, there was but little offering, and that little was

ANECDOTE OF DR. FRANKLIN.—It is related of Dr. FRANKLIN, that once, while in France, he had a dispute with a nobleman upon the question, whether the majority ought to rule in State affairs, or whether the educated and well informed few should govern. The nobleman advocated the latter proposition, and Dr. Franklin defended the former. After some debate, the nobleman proposed to let the matter be de- ballast, to Potter & Kiddor. cided by the company present, and being surrounded by his own friends, they all rose at once on his side, and left the Doctor alone. "Well," said he, "according to your own principles, I have gained my cause: you represent the ignorant majority, and I, the wise Potter & Kidder. minority, decide that you are wrong, and must yield."

VALUABLE PLANTATION FOR SALE. THE subscriber will offer for sale on the premises, on Monday, the 4th day of February next, the Plantation on the west side of Cape Fear River, two miles above Elizabethtown, Bladen county, and known as the Fitzrandolph Plantation.

The Plantation contains six hundred and forty acres, of which about one hundred and fifty are cleared and in a good state of cultivation. A large part of the land cleared, is low lands, and they produce as well as any lands on the river; they are high, and not subject to ordinary freshets. The wood-land is well timbered with oak and pine.

There is a good dwelling house and kitchen, together with other out-houses on it; there is also a good site for a family

grist mill, on a very good stream. Persons desiring particular information about the above place, will call on Joseph R. Kenp, or Benj. Fitzrandolph. "meditate." This medicine has acquired a very extended and establish- Black, H S ed reputation wherever it has been used, based entirely on its Black, Kinon own merits, which its superior efficacy has alone sustained.
The unfortunate victim of hereditary disease, with swollen Benton, Moses glands, contracted sinews, and bones half carious, has been restored to health and vigor. The scrofulous patient, covered Bell, Caleb with ulcers, loathsome to himself and his attendants, has been made whole. Hundreds of persons, who had groaned hopelessly for years under cutaneous and glandular disorders, chronic rheumatism, and many other complaints springing Bogart, Wi was unanimously chosen Chairman of the Board, and entered into bond as required by law, in the sum of Four Thousand Dollars, with John McRae and Samuel Berry as securities, which bond is approved of and ordered to be filed.

The Clerk of the Board reported, as on deposit in the Bank of the State, to the credit of the Chairman, the sum of Two Thousand Six Hundred and Twenty 9-100 Dollars; from which deducting appropriations heretofore made to different with uteers, toatnsome to miniscit and the discretance, which been made whole. Hundreds of persons, who had groaned hopelessly for years under cutaneous and glardular disorders, chronic rheumatism, and many other complaints springing from a derangement of the secretive organs and the circulation, have been raised as it were from the rack of disease, and now, with regenerated constitutions, gladly testify to the efficacy of this inestimable preparation. In this dreadful situation, with the prospect of death staring her in the face, I stated her case to Dr. Disosway, the agent for Sands' Sarsaparilla in Newbern, N. C., by whom I was advised to use that article; and to my surprise and that Coal, Sarah Davis, Moses Dimock, H of my neighbors, to whom her case was known, after using four and a half bottles she was restored to perfect health, and that in the space of three weeks, and was able to work in two weeks from the time she commenced taking it.

In witness of the truth of this statement, I have hereunto affixed my name, this 19th day of September, 1847.

JOSEPH McCOTTER, J. P.

Mouth of Neuse River, Craven county, N. C. Ulcer Cured of Seven Years Standing.
This cure was effected in July, 1844; there have been no ymptoms of a return, and her health still continues good,

NEW YORK, July 25, 1844. Messrs. Sands-Gentlemen: I consider it but an act of justice to you to state the following facts in reference to the great benefit I have received in the cure of an obstinate Cancerous

1 was attended eighteen months by a regular and skillful physician, assisted by the advice and counsel of one of our most able and experienced surgeons, without the least benefit whatever. All the various methods of treating cancers were resorted to; for five weeks in succession, my breast was burned with caustic, three times a day, and for six it was daily syringed with a weak solution of nitric acid, and the cavity or internal ulcer was so large that it held over an ounce of the solution. The doctor probed the ulcer and examined the bone, and said the disease was advancing rapidly to the lungs, and if I did not get speedy relief by medicine or by an opera-tion, the result would be fatal. I was advised to have the breast laid open and the bones examined; but finding no relief from what had been done, and feeling I was rapidly getting worse, I almost despaired of recovery, and considered my

case nearly hopeless. Seeing various testimonials and certificates of cure by the use of Sands' Sarsaparilla, in cases similar to my own, I concluded to try a few bottles, several of which were used, but, from the long deep-seated character of my disease, produced no very decided change. Considering this as the only proba-ble cure for my case, I persevered until the disease was entirely cured. It is now over eleven months since the cure was ompleted; there is not the slightest appearance of a return. I therefore pronounce myself well, and the cure entirely ef fected by Sands' Sarsaparilla, as I took no other medicine of any kind during the time I was using it, nor have I taken any since.

Please excuse this long deferred acknowledgment, which I me, with the blessing of Divine Providence, when nothing else could; and I feel myself under lasting obligations to you I can say many things I cannot write, and I do most respectfully invite ladies afflicted as I have been to call upon me, and I will satisfy them fully of the truth as stated above, and many other things in reference to the case. NANCY J. MILLER, 218 Sullivan street.

Sands' Celebrated Sarsaparilla. This excellent compound, which is creating such a univer-sal interest throughout the country, has made its way successully into the favor of our citizens and the people around us. We have read again and again of the efficacy of this invaluable medicine—if we can call a very pleasant beverage medicine -but not until recently have we had any positive proof which could induce us to speak fairly of it. But, from facts in our possession, we are now well convinced that, without any exeption, it is the SAFEST, PLEASANTEST, and BEST compound ever offered to the public, for the cure of all chronic diseases, rheumatism and serofula, and all impurities of the blood, to gether with many other complaints .- Hartford Review.

Sore Throat. The following is an extract from a letter received from Mrs. Bevan, who had been afflicted several years with Scrofulous Ulcers, Dyspepsia, &c., and recently an affection of the throat

Baileysburg, Va., Dec'r 13, 1845. Messrs. A. B. & D. Sands-Before I commenced using your Sarsaparilla, my sufferings were almost past expression : my throat was completely ulcerated, I had a dreadful cough, and there were frequently weeks together that I could not speak above a whisper; and besides, the inflammation from my throat extended to my head, so that my hearing was very perintendent or Committee man having accepted the ap- much impaired. After taking the Sarsaparilla a short time, my health improved, and my throat is now well: I am as free from cough and tightness of the chest as ever I was, and can hear quite distinctly. My throat has been well about three months, the cure of which has been effected entirely by the use of your Sarsaparilla. Your friend,

Clergymen, Auctioneers, and all Public Speakers, say that
Dr. Swayne's Wild Cherry gives that vigor to the voice that cannot be obtained from any other article.

Another Letter to Dr. Swayne. Dr. Swayne-Dear Sir: All your medicines sell well, and ive good satisfaction. Your valuable Compound Syrup of Wild Cherry has been the means of restoring some hopeless cases in this section. Your Pills are most excellent. I want you to send a good supply of them. A man parchased a bot-tle of your Vermifuge the other day for his child, and by its use discharged sixty-three of the largest worms he had ever seen. It is somewhat difficult to get the people to try it, as they have been so often gulled by nauseous and worthless worm medicines. Yours being so very pleasant to the taste, at the same time effectual, I shall be able to dispose of a large quantity. Respectfully, yours, &c., TOWNSEND T. SHARP, P. M.

Important Caution -- Read! Read! There is but one genuine preparation of Wild Cherry, an that is Dr. Swayne's, the first ever offcred to the public, which has been sold largely throughout the United States and some parts of Europe; and all preparations called by the name of Wild Cherry have been put out since this, under cover of some deceptive circumstances, in order to give currency to their sales. Each bottle of the genuine is enveloped with a beautiful steel engraving, with the likeness of William Penn thereon; also, Dr. Swayne's signature, and as a further security, the portrait of Dr. Swayne will be added hereafter, so as to distinguish his preparations from all others.
